SUMMARY

I am a BTech student at VIT Pune with a strong passion for coding and software development. I enjoy building web and mobile applications while exploring new technologies. Eager to expand my technical expertise while developing leadership, management, and problem-solving skills to excel in both academic and professional pursuits

PROFESSIONAL EXPERIENCE

Internship at IANT, Pune Jun 2023 - July 2023

- Gained hands-on experience with various front-end technologies and Java
- Contributed to a full-stack project that developed a Trip Planner Application with accommodation and GPS tracking.

PROJECTS

Krush-Sarjana : Farmer to Market direct connect with AI 2025

- Developed a one stop solution for farmers to sell their crops to customers without middle-man and AI-powered user-friendly UI for farmers without digital knowledge.
- Developed an algorithm to guide user through app, also added AI based prediction models

Converge: Intelligent Team Formation & Mentorship Ecosystem 2025

- Built a full-stack platform for hackathon discovery, team formation based on persona and skills, and collaborative team creation.
- Integrated mentorship modules to connect experienced guides with teams, enhancing their chances of winning competitions.
- Enabled companies to post hackathons and jobs, fostering a dynamic ecosystem for innovation, recruitment, and learning.
